

500,000 baby names!

Address	{value_address}
Contact Person	{value_contact_person}
Mobile Number	{value_mobile_number}
Email	{value_email}

This is a query code for a person's name that may interest visitors to your site. They type in their name, they get a page of information on themselves. It includes full instructions, Javascript and HTML code sections that are neatly separated and can be easily added to your new or existing page(s).
