Aardvark Topsites PHP is the premier free PHP/MySQL topsites script. Aardvark Topsites PHP has all the features you will ever need. Members' ranks can be shown on their button. There are 6 different ranking methods, including pageviews. Powerful anticheating protection is included. It supports categories. You can use up/down/neutral arrows. The admin allows you to approve new members, edit existing members, delete bad members, and much more. Google-friendly links give sites more incentive to join. It's free, so download it and try it today.
