Advanced PHP script for running your own banner exchange system. Members of the banner exchange show banners on their sites and in return their own banners are displayed across the banner exchange network. You, as the owner of the banner exchange take part of the banner impressions (you can choose the part, usually 30-50%) for promotion your own site or for sale. The script supports unlimited number of banner sizes and each user can have an unlimited number of banners (however administrator can limit this number). AB Banner Exchange supports these formats: gif, jpg, png and swf (Flash), HTML ads. Hundreds of advanced, unique features, for example templates (all pages are editable in any HTML editor), real time graphical statistic, free and paid accounts, unlimited number of categories, ads can be targeted by countries, current time, days in week, statistic for individual countries, log of URL's, easy installation, anti-cheat protection, and many more.
