

AB Online Web Review Tool And Workflow Management

Address	{value_address}
Contact Person	{value_contact_person}
Mobile Number	{value_mobile_number}
Email	{value_email}

A tool to easily manage Web teams and projects. Includes the ability to add/review comments for use in web projects during development. The tool allows reviewers to read existing comments made by others using the tool about the current page, and also will let reviewers add their own comment to the list. The content developers can read the comments online and print the comments in a report. Also, the developers can mark each comment to indicate whether the commented issue has been addressed. Packaged with MS Access Database.
