ABC DVD Ripper is an easy DVD ripping tool with a high ripping speed. It can rip and backup DVDs into many different popular video formats such as VCD, SVCD, DivX, MPEG1, MPEG2, MPEG4, AVI etc. No matter whether you are a veteran or a beginner, you will acknowledge that it has been developed for you! 1. With ABC DVD Ripper, you can find many options to set or just keep default settings. You can select subtitle language or movie size for targeting video files. Frame rate including PAL and NTSC, audio volume, bitrate, frequency, or whether enable Dolby Surround are all selectable. 2. With ABC DVD Ripper, you can rip DVDs by custom file size. 3. It supports batch conversion, you can select all files you want to copy and the software will automatically copy them one by one.
