ABCFastDirectory allows you to easily create professional looking directories in minutes! You can create telephone-like directories, or directories with family photographs for church groups, softball clubs, or other organizations! Plus, version 1.2 now supports church directory hierarchies! You don't have to worry about complicated layout, instead you can easily set how many pictures per page, how many columns you want, what type of font, and more! If you have extra functionality you wish for/require, please contact us with your needs
