Email	{value_email}

Absolute News Manager is a complete tool for easily adding news, articles, press releases and any other type of content to your website or corporate Intranet. It requires no Dll's to install, and works with both MS Access and SQL Server databases (full script included). Also features: WYSIWYG Integrated HTML editor, uses templates to exactly match the look and feel of your site, and support for unlimited publishers. Use one single line of code to display your latest headlines on all of your pages and affiliate sites (Syndicate Your Content).
