<b>Email</b>	{value_email}

We have received many calls from people who have tried to get PayPals IPN PHP sample script to work for them, with no success! All these people wanted was a simple way to process there order with PayPals IPN gateway and get an email with the approval order. Simple you would think right? Well as we all know nothing in life is simple or easy. But now it is with ACart - PayPal IPN PHP Cart, and the prices are Simple too! This Cart Can also be used to integrate into a larger program thus saving development time.
