Save money in your business by streamlining preventative maintenance and rebuilds of equipment for your IT department. Parts inventory management, equipment tracking (computers, monitors, etc.), work order management, and calendars enable Adhesion to generate (JIT) Just-In-Time inventory reports and alerts! This service manager is totally scalable from a small IT department or shop-floor to a multi-department IT organization (even a full blown manufacturing facility). Offers e-mail alerts for work orders and automatically integrates with our help desk manager. The ASP source code is included and allows for UNLIMITED USERS!
