

# Advanced Greeter

<b>Address</b>	{value_address}
<b>Contact Person</b>	{value_contact_person}
<b>Mobile Number</b>	{value_mobile_number}
<b>Email</b>	{value_email}

Gives an appropriate greeting for time of day, along with a picture. You can set the Time & Date to your own time, with the use of the Time Zone option, No need to put up with the servers Date/Time anymore. Also can display the weekday, i.e. Monday, 7 different date displays, and 4 different time displays. Easy to use thru a simple SSI command.
