

Advanced Javascripts

Address	{value_address}
Contact Person	{value_contact_person}
Mobile Number	{value_mobile_number}
Email	{value_email}

Our database of javascript source code will enhance your website capabilities. The javascript code includes everything from popup & cascading menues, scrollers and eMail contact scripts to refer a friend, bookmark this page, cookies, query strings, embedded audio / video, flashing text scripts and much more, 104 scripts total. Includes source code for all scripts and instructions for installing. The complete database of code is a javascript workstation. All scripts work in IE, Mozilla, Firefox and Netscape browsers.
