Advanced Quotes & Testimonials

Address	{value_address}
Contact Person	{value_contact_person}
Mobile Number	{value_mobile_number}
Email	{value_email}

Advanced Quotes & Testimonials is perfect for use as either displaying a quote of the day or displaying customer testimonials on your website. You can display the quotes on any page using a single line of PHP code (detailed in the packaged demonstration file) All of the code is extensively commented and should (i hope!) be easy enough to modify. It is styled entirely by CSS which should make it easy to style to fit your website design.
