AF Tell a Friend WordPress Plugin

Address	{value_address}
Contact Person	{value_contact_person}
Mobile Number	{value_mobile_number}
Email	{value_email}

Plugin for sending information to vistor's friend. To prevent spam the message box has automatically embedded URL of visited page and is in read only mode, so visitor doesn't need to write anything. With installation of some SMTP plugins "sender" field of email sent via plugin will be overwritten with authenticated email set in SMTP panel. Sending information about visited website/blog increases traffic to this website/blog.
