Ajax RSS Reader

Address   {value_address}

Contact Person   {value_contact_person}

Mobile Number   {value_mobile_number}

Email   {value_email}

This component allows to enrich the content of your website with the information provided by other websites using the RSS format. This RSS Reader uses Ajax technologies and nice Javascript effects, giving your site a great look and fresh content. This component is packaged as Dreamweaver Extension; you can insert the RSS contents on your web site with single clicks. No programming skills required. You can configure visually the different parameters used for visualization.
