Alchemy Eye PRO

Address	{value_address}
Contact Person	{value_contact_person}
Mobile Number	{value_mobile_number}
Email	{value_email}

Alchemy Eye PRO is a system management tool that continuously monitors server availability and performance. In the event of network errors, Alchemy Eye PRO can alert the network administrator by cell phone or pager BEFORE problems get seriously out of hand. This helps protect your company's data and reduces the likelihood of costly network failures. If a server goes down, Alchemy Eye automatically notifies the network administrator.
