Altima Lookbook Free lets you create interactive gallery and show the best of your products to customers. Check our website for link to user manual and more detailed description: Altima LookBook extension official webpage. Altima Lookbook Magento extension provides online merchants with an ability to show their product in nice and compelling way, close to the way it is shown in print catalogues, but with interactive link to product pages. For example you can show your dresses and accessories on sexy models and furniture in well designed living room. Each element of lookbook image can be tagged as a hotspot and linked to specific product page of your Magento online store.
