

Animated document title

Address	{value_address}
Contact Person	{value_contact_person}
Mobile Number	{value_mobile_number}
Email	{value_email}

Possibly the net's first, this DHTML script brings to life once the dullest of the dull element on your page- the TITLE element. The script automatically seeks out the title of your document, and animates it to view in IE 4+ and NS 6!
