

Antileech

Address	{value_address}
Contact Person	{value_contact_person}
Mobile Number	{value_mobile_number}
Email	{value_email}

This is an easy to setup antileech cgi script. This Antileech script only has 5 easy variables to setup: Location of your data directory, the url to antileech.cgi, the url to your website, the name of your website, and your password. It also allows you to add as many sites as you want to the leech list.
