JavaObjects.net is a superb resource for all web developers and designers. The site offers commercial level quality Java applets, backed up with superb support and a customisation service. Java Applets are a must for all modern web sites. They add a touch of professionalism and dynamic nature to your site, and add functionality not available with HTML alone. Whether it's an interactive menu, moving text or images, an intelligent banner advertisement ... whatever it may be, Applets make visiting your site more enjoyable and easier to use for your visitors. So come and visit us today, and see how we can help you improve your site !
