

Ascripts Click Management System

Address	{value_address}
Contact Person	{value_contact_person}
Mobile Number	{value_mobile_number}
Email	{value_email}

ACMS counts the number of times a link has been clicked, i.e. a link to a page within your site, an external site, a download, an affiliate link or anything else. Analyze your link efficiency in your advertising campaigns. ACMS displays the number of times a link has been clicked on your web site in many ways. Simple to install, very easy and straightforward to use. It provides all stats necessary and it has plenty of powerful content output options at your disposal.
