Easily customizable and fully featured job board written in ASP. A clean and efficient administration area where operators may post jobs, view and edit existing jobs, find registered candidates and peruse CVs/Resumes. Locations, Sectors, Career Levels and Educational Qualifications are each editable through admin. Styles, colours can be edited through a simple CSS style sheet. Most customize searches in ASP Jobwebsite, search in country, state and city. ASP Jobwebsite is a customizable online job recruitment website that matches an employer's/recruiter's search requirements with job seeker's curriculum vitae/resume. It is a cost effective way of finding suitable candidates for a position without the tedious paper work. Modules are tailored to the different players in hr functions, employers, jobs-seekers, admin and value added resources for news and newsletter solutions.
