

ASP Photo Competition

Address	{value_address}
Contact Person	{value_contact_person}
Mobile Number	{value_mobile_number}
Email	{value_email}

This site is ideal for amateur photography clubs wishing to implement quick web based photograph competitions. This version requires you to already have all the images (no uploads). You load the images into the database using web forms. The site then handles the voting and displaying of results. Voters can give a score (1 to 5) and/or a comment. Please see demo site. More info on requirements are in FAQ and Install instructions. If you don't like this software, please let me know why in a review!!
