ASP Power-Book

Address	{value_address}
Contact Person	{value_contact_person}
Mobile Number	{value_mobile_number}
Email	{value_email}

ASP Power-Book is a full-featured guest book program. It includes 9 user-defined input fields that can be titled individually, activated and defined as required-field. T number of entries per page, which can be switched by drop down a menu. The email address and the homepage URL is checked for the correct way of writing. HTML tags are not accepted, and all empty fields will be faded out automatically. It includes a password protected Admin area where you can configure and customize all the settings for your guestbook.
