Mobile Number	{value_mobile_number}
Email	{value_email}

Aspose.Flash is a non-graphical .NET Flash management component allowing developers to dynamically generate and edit Flash® content directly from .NET applications. It provides support for Flash v8, Flash v9, Flash Lite and ActionScript allowing you to create, parse and modify flash files. Using Aspose.Flash, you can create banners with animation, menus or whole site, GIS maps or simple games. Also insert images, shapes, simple morphing, gradients, audio and video streams to your flash files.
