

Aspose.Words for JasperReports

Address	{value_address}
Contact Person	{value_contact_person}
Mobile Number	{value_mobile_number}
Email	{value_email}

Aspose.Words for JasperReports makes it possible exporting reports from JasperReports and JasperServer to Microsoft Word document (DOC), Office Open XML (OOXML, DOCX), Web page (HTML) and plain text (TXT) formats. It is written purely in Java and is provided as a single JAR file that can easily be deployed on the machines running JasperReports or JasperServer. Aspose.Words for JasperReports exports flow layout documents that are easy to further edit in Microsoft Word, if necessary.
