astal TOTF MOBILE is an online WAP editor, and is one of TOTF products for content management for web sites. Now you can publish your web site to the web, to the cellular and mobile world, and to Digital TV. You don't have to be a computer programmer to update your web site online with: no server-side installation, no need for database, html editors or any other complex programs, no need to upload files with each update, and in very simple and user friendly way. TOTF is Great for: Price List, Catalogue, E-commerce, TV guide, Availability form, etc.
