@Tell

Address	{value_address}
Contact Person	{value_contact_person}
Mobile Number	{value_mobile_number}
Email	{value_email}

@Tell is a Tell A Friend program. By using @Tell Pro, the user can send email to multi receivers. The sender simply enter name and email address of their friends, and it takes care of the rest. @Tell will be mailed back automatically to sender to say "thank you", and also display random ad banners.
