b3 Counter

Address	{value_address}
Contact Person	{value_contact_person}
Mobile Number	{value_mobile_number}
Email	{value_email}

b3 Counter is a flexible counter script with a look that is only limited by your imagination. Works with any .gif files you specify. Text, standard or deluxe settings allow for a variety of looks including vertical alignment, background images, font control and more. Special built-in features help reduce the redundant counting of AOL's dynamic IP shifting.
