BAC Friends provides your members with the means to create a network of friends, meeting new people and keeping track of old acquaintances. The software includes an enriched profile system, with guest books, private forums, photo albums, intra-site private messaging and other key features that will keep visitors on your site. Like with MySpace and Facebook, members can create detailed public and personal profiles to express themselves. BAC Friends shares an integrated backend - account management, billing, advertising, templates and administration - with over 25 other pluggable software modules. You can add grow your site as your needs expand all using a single integrated suite. No more multiple logins and inconsistencies.
