Backup Platinum is an easy-to-use yet powerful backup program designed for Microsoft Windows. It makes a reserve copy of your critical data virtually to any type of storage media: hard or USB drives, CD-R/W, DVD, FTP or LAN. Strong file encryption and multichoice ZIP compression on the fly are available to keep your backups small and secure. It can run in service mode under NT/2000/XP/2003 to execute scheduled tasks even when nobody is logged in.
