Banana Dance by Ascad Networks, is an open-source PHP/MySQL-based program. It is designed to combine the simplicity of wiki-publishing software with the versatility of a CMS. The program also promotes community-building through organized and user-rated commenting features. Highly flexible with theme-integration and extension availability Banana Dance can be used for all types of purposes, whether it be to create an entire website, a product owner's manual, or an "article"-posting site.
