i Net online classified system allows you to start a fully automated classified ads site with many of the features that are only present in major classifieds sites. Our powerful script written in PHP allows your users to post new ads, for which you can charge a predefined amount. Billing is handled automatically and seamlessly through many of the popular payment gateways, no need to manually enter any transactions! Our classified ads software makes the process of starting a classifieds site fast and simple. The look and feel of the site can be fully customized through our built-in editor, or you can use the program of your choice to make layout changes. Whether it's a minor change, or a completely new design, our classified ads software is designed to handle it with ease!
