

Better Recent Comments

Address	{value_address}
Contact Person	{value_contact_person}
Mobile Number	{value_mobile_number}
Email	{value_email}

Better Recent Comments improves on the standard comments widget that is built into WordPress. Unlike the basic widget, it has several options and can display the actual content of your comments. Add the widget to any sidebar on your website. Visitors can see exactly what people are talking about, making them more likely to read your posts and join the discussion. The widget options let you show or hide the comment content, avatars and comment date.
