Done-Right's Bid Search Engine allows you to operate your own Pay Per Click search engine. Simply allow members to bid on their desired search terms for placement and when a visitor clicks on the member's listing, the amount for that listing is subtracted from their balance. Along with many features, including meta fill-in results from 14 search engines, this heavily automated search engine will allow you to provide your visitors with an excellent search engine and generate income at the same time.
