| <b>Email</b>          | {value_email}          |

BIRDTRAP allows you to have your server direct your reader to a friendly, even humorous page describing what happened. The script allows you to also log to file and/or e-mail you the information regarding an error. You even get six original graphics that will make your readers want to see even more errors! Easy to install and to customize.
