BIT Action Items

Address	{value_address}
Contact Person	{value_contact_person}
Mobile Number	{value_mobile_number}
Email	{value_email}

Integrates with our Web Calendar v3.3 and v 4 Systems Can be purchased as a bundle with other applications for a great deal. ALL unencrypted SOURCE Code! Assign users to Tasks/Projects Assign actions by Task/Project Assign users to a Action Item Task. Users will only see action items that are in the task they are assigned to. Users Must Login to use the Action Item System. Action Items can have the following: Lead user , Assignee User , Status , Date Assigned , Date Due , Date Completed , Project/Task Type, Subject , Description , Upload Attachments , Sub Actions... Each sub action can have most of the same attributes as a action. Can be related to a old action item for a "lessons learned reference" Search Action Items by Task Search Action Items by Date Search Action Items by Lead Runs on CF Server 4.5 or higher. OPEN SOURCE CODE. Easily make this fit with you current web site "look and feel". Requires cold fusion server
