

# BIT qBase 1.0

<b>Address</b>	{value_address}
<b>Contact Person</b>	{value_contact_person}
<b>Mobile Number</b>	{value_mobile_number}
<b>Email</b>	{value_email}

Easy to use and setup FAQ, frequently asked questions system. This is a great start to any knowledge base system. this includes code to set up as a AJAX based system, or a html based system. Users can search by key word, or category. Users can submit new questions, and they must be approved before they are listed on the site. View our demo for more details.
