CoinsQueens offers a top-class Bitfinex clone script that is 100% customizable as per your business requirements. It consists of all the exciting features and security options that are available in the original Bitifnex crypto exchange platform. The high-end security features ensure the safety of your exchange. It supports p2p margin trading, p2p lending, and OTC trading which makes it easy trading for your user and increases the userbase. It supports both fiats to crypto and crypto to crypto trading. If you are planning to enter into the crypto exchange business like Bitfinex, you get in contact with our team. We have an expert team of blockchain expertise which makes our Bitfinex clone script a high-quality one.
