Bot Buster is a set of CGI programs developed to help you control and protect your Multimedia rich and/or Members web site from hackers and abuse. Bot Buster will detect and stop Password Sharing (passwords shared among friends, password sites, etc), Bandwidth Stealing Bots (Teleport, PaqRat, Go!Zilla, etc) and password hacking (wwwhack, etc) and will save you in time, server resources, bandwidth and frustration. Bot Buster has an easy to use interface to view all activity on your site and all actions taken. Email notifications, members watch and much more.
