Build Your Own ASP.NET Website Using C# & VB.NET

Address	{value_address}
Contact Person	{value_contact_person}
Mobile Number	{value_mobile_number}
Email	{value_email}

Download 4 Free Sample Chapters from this book. First, you'll learn how to obtain, install and configure all the necessary software you'll need, then you'll build a fully functional Intranet, shopping cart and ecommerce system with credit card processing all while learning database and object oriented programming concepts along the way.
