New totally revised review system! The Restaurant Review System provides flexible fields to add, change, and delete fields in your review so you can modify your review system to review any topic! Post your own reviews, allow registered members to post full reviews, or charge users for posting reviews! Users may also post comments and ratings. All ratings are aggregated and detailed breakdowns of ratings are provided. This script also allows you to sell sponsored links on a CPC basis, and easily display 3rd party ads such as Google Ads. Mod Rewrite is available for Search Friendly URLs. Also includes non scripted HTML version of templates, and a full corporate ID.
