Mobile Number	{value_mobile_number}
Email	{value_email}

byteCommerce for ASP.NET is an e-commerce module specifically tailored to sell digital goods of any type (shareware software, MP3s, videos, e-books etc.) with PayPal. Files are downloaded securely, and are tracked to avoid too much downloads. Features include a powerful reporting center, a professional newsletter management tool, support for multiple-file products, product bundles, serial codes, discounts and more.
