CGIMachine - Access Counter

Address	{value_address}
Contact Person	{value_contact_person}
Mobile Number	{value_mobile_number}
Email	{value_email}

This is a powerful image counter with 25 graphic number styles for the counter digits. You may also create your own stylings for the counter digits. The Access Counter returns a GIF-graphic of the counter value which has been stored in the counter-database. There is protection against non-authorized usage by a special key-file. In addition, an included Counter WatchDog utility allows you to view the current status of all counters on your server, as well as add, edit or delete counter information.
