Chico Digital MD5 Secure Login

Address	{value_address}
Contact Person	{value_contact_person}
Mobile Number	{value_mobile_number}
Email	{value_email}

User authentication for Perl/CGI applications. Uses MD5-based encryption on both the client browser (using JavaScript MD5) and the server (using Digest::MD5). The password is never stored or transmitted as plain text. User sessions are maintained with an MD5-encrypted cookie. The perl module LoginMD5.pm and an example program mainProgram.cgi are included, along with installation instructions.
