Address	{value_address}
Contact Person	{value_contact_person}
Mobile Number	{value_mobile_number}
Email	{value_email}

The script allows users to lookup domain name availability. The script can be used as part of a web sites ordering process or can be used to redirect traffic to an affiliate (such as 123reg.co.uk). The script is fully customisable using style sheets. The CJ Domain Whois is multilingual, currently supporting English, French, Dutch, Arabic, German and Swahili! A professional version of the script is also available, see web site for more details.
