CJ Send Page (PopUp)

Address	{value_address}
Contact Person	{value_contact_person}
Mobile Number	{value_mobile_number}
Email	{value_email}

The CJ Send Page PopUp script is a relatively simple "link sender via form to your mates email script." The script can be used on php, ssi or even plain html pages. All you have to do is upload a few files and create a popUp JavaScript link to the script - its easy to install. This script was released due to high demand of PopUp Send 2 Friend.
