

Combinable FEDEX, USPS, UPS - all rates simultaneously!

Address	{value_address}
Contact Person	{value_contact_person}
Mobile Number	{value_mobile_number}
Email	{value_email}

Combinable FEDEX, USPS, UPS is a program template that you can configure to return all shipping rates, already sorted ascendingly by shipping cost, that you can present as a "form-select" pulldown menu or a RADIO BUTTON selection from FEDEX, USPS Domestic. UPS - ALL AT THE SAME TIME! You may enable/disable any of the options: FEDEX GROUND, FEDEX EXPRESS, USPS, or UPS just by uncommenting/commenting a line. This is designed to be used as a very easy and simple include file that you can add to any of your ASP pages. There's more.. we also included a FILTER capability so that you can easily disable any shipping options that you do not want to appear in the selection list. We felt this is important because most shippers do not use certain shipping options, simply for practical reasons. Complete with example pages and easy to follow instructions. 100% ALL SOURCE CODES INCLUDED Free technical support. The easiest shipping script to integrate with your asp pages.
