Members can create their own webpages at your domain. Provide members as many pages as you allow, unlimited message forums, guestbooks, polls, Yahoo-like directories, and postcard and image gallery pages. Detailed hit logs, site backups and a Search Engine Submission Agent are also provided. CommunityWeaver shares an integrated backend - account management, billing, advertising, templates and administration - with over 25 other pluggable software modules. You can add grow your site as your needs expand all using a single integrated suite. No more multiple logins and inconsistencies.
