

Compliments

Address	{value_address}
Contact Person	{value_contact_person}
Mobile Number	{value_mobile_number}
Email	{value_email}

Compliments is a simple engine/form that will tell a webmaster that someone (who supplies their E-mail address) likes their website. No lengthy question forms, just one line of user input. This will optionally send an E-mail to the webmaster or add the user's address to a HTML or Log file which the webmaster can either hide or show publicly.
