Mobile Number	{value_mobile_number}
Email	{value_email}

CNU4 is an ASP news management software for your website. Simple to setup and run, yet provides you with the flexibility and options you need to seamlessly integrate dynamic news into your website. Features: built-in image uploader, specify release and expiry dates for articles, infinite user-defined news categories, fully searchable news, multi-level administration rights, user submissions, email a friend, archiving options and article statistics. Multiple user-customisable display options which permit easy incorporation of news into your existing website design.
